### Ladies Clinic

Inspire Tennis' Ladies Clinics are fun, exciting and are a great way to exercise, learn how to play or improve your game. Whether you have past tennis experience or have never played before, our professional coaching team provide a learning pathway for every player. Clinics are held in a social environment and are available weekday mornings from 9:45am. Our creche facility (or Multi-sports Program) is an option for pre-school aged care.

### Mixed Evening Clinics

Improve your tennis skills in a social environment! Welcoming players of all standards, our mixed evening clinics are an enjoyable way to develop technique, improve fitness and gain a greater understanding of the game. Clinics are held weekday evenings from 6:30pm. Social night competitions are an excellent compliment to your mixed evening coaching clinic.

### Private Lessons

Private lessons can be one-on-one tuition or shared, catering specifically for more personalised tuition and rapid improvement. Private lessons are conducted by our professional coaching team (7) days a week and are the perfect way to introduce beginners to the game, while intermediate and advanced players can develop strokes and tactics to progress to the next level. Our objective is to ensure players receive constant attention, goal setting, technique development and maximise hitting in a positive environment.

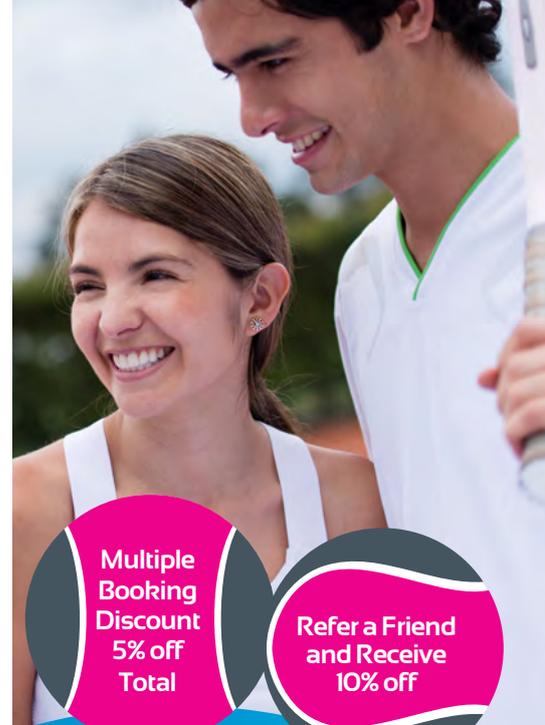

### Cardio Tennis

Cardio Tennis is a fun, social, group tennis-fitness program for people of all ages and abilities. Cardio Tennis differs from our mixed evening clinics as the emphasis is on improving your overall fitness.

A unique feature of Cardio Tennis is the use of music and the Suunto heart rate monitors that gauge your heart rate and calorie burn at each session. Cardio Tennis is active in over 30 Countries with research showing people work 33% harder if training with music and endurance improves 15%. Joyful music causes blood vessels to dilate and increases blood flow.

### Adult Competition & Social Tennis

Competitions including ladies comps, social mixed evening comps, breakfast comps and NSTA comps. Can be a great compliment to a coaching clinic. Our competitions and social tennis cater for all levels of match-play and competition tennis. Sunday Social does not require membership and gives participants a chance to invite friends and enjoy a bbq once a month.
